Mrs. Christina Bowers, K-12 Principal

Mr. Rory Henry, Assistant Principal

Dear Parents/Guardians,

The “Always Changing” video, sponsored by the Proctor and Gamble Company, will be presented to the FIFTH GRADE CLASS (Boys and girls separately) on _____ . This program helps both boys and girls understand the physical and emotional changes they experience during puberty and acknowledge these changes as a normal part of growth and development. These children will also learn the physiology of their bodies and correct terminology for parts of the reproductive system. Each child will be given sample hygiene products and a pamphlet with more information. The boy and girls will be separated into two different classes for the program so that no one feels embarrassed due to the subject matter. Positive self-concept is crucial to coping with changes during puberty and future success. Each class will view the portion of the video about their own gender. If you have any questions about the program or you would like to preview the program video in advance, please call me any time before the scheduled presentation at 417-788-2543 EXT 132. If you **DO NOT** want your child to participate in the education presentation, please fill out the bottom portion of this letter and return it to the school nurse or elementary office.

If the bottom portion is not returned, then your child will participate in the “Always Changing Program”.

Thank you for your cooperation in this matter,

Tiffany Corum LPN
School Nurse

I DO NOT want my child, _____, to participate in the “Always Changing Education Program”.
